Banking details: Standard Bank, Cheque Account 410514039, Cape Gate Branch 023910

Thank you for your interest in adopting a rescue furkid instead of buying from a backyard breeder. Adopting a puppy or adult from a shelter is a responsible choice, changing the life of that furkid as well as the one that fill his/her place again at the shelter! Please take the time to read the information provided below before making the commitment of adopting a furkid.

Please do understand, adopting a dog is for life. It's a 10-15 + year commitment, not a few days, weeks or months. Make sure you are ready for this commitment.

# A furkid is FOR LIFE!

# 1. Things to know before adopting

#### 1.1 Do you have the time to love and care for an animal?

This includes play, training and simply spending time with him/her. Dogs are social animals and do not do well for long periods alone. Thy can develop behavioral problems if neglected or not trained. Rescued dogs may or may not have had basic training thus they must be afforded the time and understanding with special help to help with issues like separation anxiety or previous abuse.

#### 1.2 Can you afford a dog?

It's not just the cost of adoption and food to consider, there are vet fees, medication, flea treatments, emergency vet care etc. There are no guarantees what other type of long term care may be needed i.e. diabetes, cancer or other conditions.

# 1.3 Are you able to properly home a dog?

Individuals in rental accommodations should verify if their landlords accept pets and ensure they have written permission to own a pet in the home. Consideration should be made before adopting a rescue dog/cat to where it will be allowed in your home and whether there is proper space inside with the family.

#### 2. Additional information on adopting a furkid

#### 2.1 Puppies

- 2.1.1 Puppies can't be adopted if they will be left alone at home with no form of human companionship or that of another animal or for more than 4 hours a day. Puppies up to 6 months need to be fed 3 times a day.
- 2.1.2 If you have a pool it has to be enclosed, covered or fenced in to ensure the puppy doesn't fall in and drown, when puppy is around the pool there must be supervision
- 2.1.3 Puppies have to go to puppy classes as well as socialization classes, obedience training etc. Doing this they may never develop behavioral problems or aggression toward other dogs, people and children.
- 2.1.4 All All puppies that are adopted under the age of 6 months must be returned on their due date when 6 months old to be sterilized. Should you choose to have this done by your private vet, proof of sterilization must be send to adoption@lucylucy.org.
- 2.1.5 You must ensure that their vaccinations, de-worming and flea treatments are kept up to date.

## 2.2 Adult Dogs

- 2.2.1 Dogs cannot be adopted as guard dogs. Our rescue dogs are made for families filled with love and affection not cold nights alone barking profusely at strangers to protect your property.
- 2.2.2 Generally we prefer all dogs to become a part of the family and be seen as a family member and thus we can't see some of our dogs being outside dogs. We do have dogs who independently choose to sleep outside and this is fine but if the dog(s) you choose will sleep outside it has to be in a covered, warm kennel, but they must be allowed inside to bond and be a part of their new family. On thunder storm evenings and when firecrackers are shot or it's extremely cold outside we prefer them to be inside with you.
- 2.2.3 Adopt only if you can cater for that dog's specific needs i.e. very energetic and needs to be exercised, walked and run every day, dogs with physical disabilities, health problem etc.

### 3. Adoption Terms and Conditions

- 3.1 In order to be considered for an adoption, you must:
  - ✓ Be at least 18 years of age.
  - Have the knowledge and consent of all adults living in your household.
  - ✓ Have the landlord's consent to bring an animal onto the property.
- 3.2 Puppy or adult has to be given a 14 days chance to settle and get to know their new family, their new boundaries, new home and environment and new ways. They will be unsettled and consider their Haven their home so when moved they are unsure, become stressed and need reassuring thus a 14 days chance will give them the time to adapt.
- 3.3 We don't allow dogs or pups to be adopted to homes with unsterilized pets. It contradicts to our belief of the importance of sterilization, not only from a breeding perspective but also for all the health benefits of having your pets sterilized.

Initials:	
-----------	--

- 3.4 When the animal is no longer wanted they have to be returned to us, as you are their adoptive family but they still belong to THE LUCKY LUCY FOUNDATION and therefore cannot be handed down to family members or friends, or sold, or given away to other organizations including SPCA or just any person.
- 3.5 All our animals do not get adopted on a "whoever chooses the pet first will get it" but it is rather the best home for that animal that will be chosen.
- 3.6 Animals can't be adopted as gifts for others. Children are only allowed pets as long as their parents remain responsible until the child is old enough.
- 3.7 Should the furkid die, notify us on adoption@luckylucy.org
- 3.8 We reserve the right at any time during the adoption process to decline an application, without explanation.
- 3.9 The Lucky Lucy Foundation permission may do follow-up home checks for the lifetime of the adopted animal. The Lucky Lucy Foundation is also granted permission to remove the adopted dog from your premises if we determine that the animal is not receiving appropriate care or if you have violated this agreement. Such entry onto your property shall not constitute trespass upon the premises occupied.

#### 4. Adoption Procedure

- 4.1 If you have thought about it and are ready to adopt, you need to decide which of our rescues you would like to adopt. Pictures of our furkids up for adoption are on <a href="https://www.luckylucy.org">www.luckylucy.org</a> or our Facebook page. Additional pictures can be sent upon your request.
- 4.2 Choose and/or meet your future fur'iend. You may visit us during our OPEN hours: Saturdays 09h00 14h00 and Sundays 09h00-12h00. If you would like to make an appointment for an adoption visit, please email <a href="mailto:adoption@luckylucy.org">adoption@luckylucy.org</a> so that we can arrange for somebody to be available and attend to your visit at the farm. For appointments during the week please phone our Farm Manager on 072 779 7424 after you have e-mailed us on <a href="mailto:adoption@luckylucy.org">adoption@luckylucy.org</a>
- 4.3 Once you have made your choice, we will only consider your home for adoption after we receive an application. For this reason we ask you to <u>fill in the Canine Adoption Application Form</u> (below in this same document), <u>initial each page</u>, <u>sign on the last page</u> and email it to adoption@luckylucy.org.
- Once the Adoption Application Form is approved, a site visit is then organized, as we want to ensure that the future home is set up for the same energy levels or medical needs that your future pet may or may not have (i.e. a dog that can't climb stairs, dog that jumps walls, open pool etc.) and that in general your home will be the best fit for your future companion.
- 4.5 Once the site visit is approved, and all are happy with the information provided, an appointment is arranged for you to collect your fur iend.

Although it sounds like a lot of steps, the adoption process generally won't take anything longer than 5-7 days. Please understand that these steps are important in ensuring that we are finding the proper home for the pet to be, FURever!

#### 5. Adoption Costs

All our adoption fees are not for profit but rather to recover some of the vet, care and rescuing costs.

#### 5.1 Adult Dogs (>6months) Male/Female - Adoption fee is R700 and includes:

- Up to date vaccinations when leaving the shelter
- Up to date deworming when leaving the shelter
- Sterilization
- Microchip

#### 5.2 Puppies (<6months) Male/Female - Adoption fee is R700 and includes:

- First two vaccinations. Should the pup leave our shelter before the second vaccination is due, you may bring the pup back for the second vaccination (included in the adoption fee) or you may opt to have this done at your private veterinary at YOUR OWN cost. Please inform us on adoption@luckylucy.org should you choose to do so.
- Up to date deworming when leaving the shelter
- Sterilization at 6 months of age. Make arrangements with us to have him/her sterilized at a vet clinic that we chose with no added costs to you. Should you opt to make use of your private veterinary that will be for YOUR OWN cost. Please inform us on adoption@luckylucy.org should you choose to do so and please provide proof of sterilization.
- Microchip

All following treatments then become your responsibility and are at your own cost.

If you wish to adopt after the above read through, please fill in the Adoption Application Form below.

Thank you for your interest in adopting a rescue furkid instead of buying from a backyard breeder.

Please read and fill in the form below, <u>initial ALL pages</u> and <u>sign the last page</u>.

Once completed, return the document to <u>adoption@luckylucy.org</u> or fax to 086 560 6775

# Canine Adoption Application Form

I am delighted that you want to take me home! But first, the people here would like to know more about you and the kind of life we'll have together. The questions on this application are not a test.

They'll simply help The Lucky Lucy Foundation make sure you'll take care of me.
